

PROJECT FACT SHEET

Customer: Coles Group

Project: Coles Supermarkets and Liquor business IT refresh program (LCM)

Project Profile: Nilsen Networks

Professional Services
PMO, Support Desk and Staging Team

Coles Supermarkets and Liquor business IT refresh program (LCM) upgrade of Access Point hardware products. Installs commenced in June 2014 with the project ending November 2014.

Lead by the Nilsen PMO, the Nilsen Group:

- Designed wireless predictive surveys;
- Picked/staged and dispatched 8000+ access points, 500+ switches and 1000+ UPS's from the Nilsen Integration and Staging Warehouse;
- Onsite data cabling/hardware installation and commissioning for 700+ supermarket stores nationally

A fantastic example of great team work between Coles and the Nilsen Group, to deliver this enormous project on time and on budget.
