

## PROJECT FACT SHEET

**Customer:** Conergy Pty Ltd

---

**Project:** Lakeland solar and storage project

---

- Project Profile:**
- Location: Lakeland, Queensland (approx. 250 km north-west of Cairns)
    - Land Area: approx. 45 hectares of agricultural land
  - 13MW Solar Array (41,440 solar Panels)
  - 1.4MW / 5.34MWh Battery Storage
  - System Controller / Energy Management
  - World first in engineering design and technology for renewable energy
  - Improved power quality & provision for future energy demand
  - 25 year + project lifespan
  - Federally Funded Project
    - funding support from Australian Renewable Energy Agency (ARENA)
  - Project websites
    - <http://lakelandsolarstorage.com.au/>
    - <http://arena.gov.au/project/lakeland-solar-storage-project/>
  - Civil Scope of Works completed by BMD
