

PROJECT FACT SHEET**Customer:****Multiplex Constructions (WA) Pty Ltd****Project:**

Perth Exhibition & Convention Centre

Project Profile:

The project is a three level venue, catering for up to 5,000 delegates within its major facilities. These facilities include a 2,500 seat tiered auditorium, numerous kitchens and administration offices, 19 specialist meeting rooms of varying sizes, 6 Exhibition Halls of approx 2,830 sq m of space which can be converted into a single pavilion of 16,544 sq m. A Ballroom overlooking the Swan River, the largest single level car park in Australia accommodating 1500 vehicles. All of this linked into a complex, which includes a six-storey Office Building and a 138-serviced room Hotel and extensive Bus Port alterations.

Multiplex Constructions engaged Nilsen Electric and ETC (Engineering Technology Consultants) for the design, installation and commissioning of the Total Electrical, Generator, Load Shedding, Fire Detection, EWIS, PA, SMATV and Communication systems.
