

PROJECT FACT SHEET

Customer: BGC Construction

Project: Rapids Landing Primary School, Margaret River WA

Project Profile: Project Description

Brand new primary school, located in the south west region of WA, Catering for years Kindergarten to Year 6, with modern and stylish designs with state of the art facilities & resources to cater for teaching and learning in the 21st Century.

Outline of Nilsen Scope of Works

BGC engaged with Nilsen for the supply, installation and commissioning of the electrical services including; underground and temporary power, installation of luminaires, switchboards, switches and accessories, security, PA & MATV and metering.

Specific Project Obstacles to overcome

- The Structural Design of the job made it difficult to install cable pathways.
- Construction during winter months resulting in flooding and water ingress.

Nilsen Innovations

- By working collaboratively and effectively as a team Nilsen overcame the delays due to inclement weather and this project was completed by January 2018 ready for opening February 2018
