

PROJECT FACT SHEET

Customer: WOODSIDE ENERGY

Project: WOODSIDE PLAZA – PERTH OFFICE

Project Profile: Woodside Energy's Perth office consists of 24 levels of prime office space in the Perth CBD.

Nilsen's Engineering Services team are currently in their 2nd year of a 3 year Electrical Maintenance Contract for the Woodside Perth offices – the first major building maintenance contract for Nilsen WA.

With 3 permanent staff onsite at Woodside's office, the scope of works for the contract includes maintenance of power, lighting, security and access control, data, communications, electrical fit outs and all ad hoc electrical requirements.
